

We will be conforming to the HOA rules with respect to the back fence that borders the golf course being the scalloped picket type at 4 feet. The side fencing will be solid and have a gradual slope up from the back 4ft to 6 ft.

The drawing attached shows a small pergola up near the garage and will be located on a concrete pad already poured. The location will be such that it will not block the view, and will be tucked up next to the rear of the garage.

As for landscaping, it will be grass surrounded by plant beds with mostly shrubs and perennials, with a few trees appropriately placed so as not to block the view.
